Summary

I am a fresh graduate of Informatics Engineering at UIN Sunan Kalijaga. I graduated on time with satisfactory final grades. I am interested and learn more about **web front-end development**, especially with **ReactJS**.

I had an internship at Admission UIN Sunan Kalijaga as a junior programmer and was in charge of developing the CBT (Computer Based Test) website system at UIN Sunan Kalijaga. There, I re-engineered the CBT system to make it more convenient to use and fixed the problem.

Experience

Admisi UIN Sunan Kalijaga | Daerah Istimewa Yogyakarta, Sleman
Junior Programmer | 10/2021 - Present
I have internship experience at UIN Sunan Kalijaga as a junior programmer and am responsible for:

* Reengineering the web admin frontend on the CBT (Computer Based Test) system to make it more comfortable to use and easy to maintain.
* Manage and create APIs on existing CBT backend systems.

Bangkit Academy led by Google, Tokopedia, Gojek, & Traveloka
Cloud Computing Participant | 01/2021 - 06/2021
Participate in Bangkit 2021 online training activities from Google, Tokopedia, Gojek, & Traveloka as participants to learn cloud computing.

* Pass training activities and be active in team discussions.
* Become a web developer in the Capstone Project team.
* Create and be responsible for system backend, web frontend, and cloud computing management on Google Cloud Platform.

Education

UIN Sunan Kalijaga | Sleman, Daerah Istimewa Yogyakarta
Informatics Engineering | 01/2022

* Graduated with cum laude predicate and final grade 3.63
